

## Absorber flange ZB50

In conjunction with Cxx-65 measuring system

Order-#: 85-900-031

TR-V-TI-GB-0462-00

12/19/2013

Stock photo

### Advantages

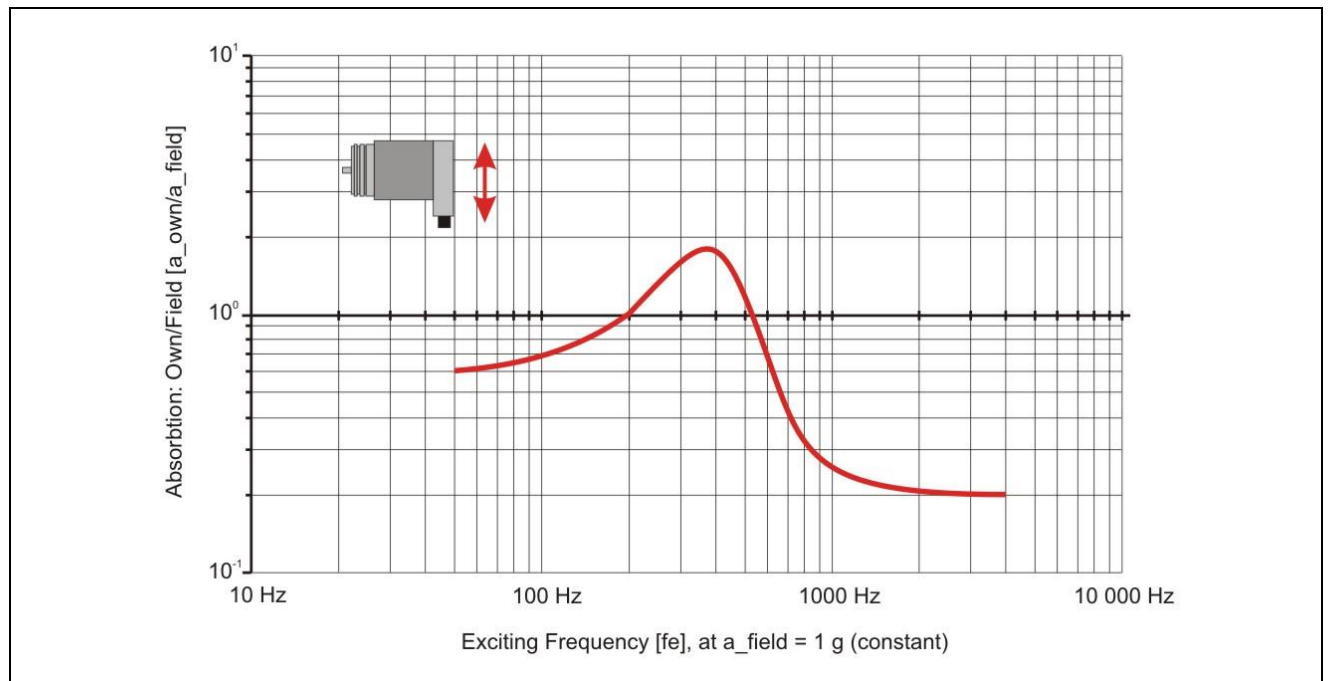

#### Use

- Heavy industry
- Rolling mills
- Presses
- Punching presses

Delivery occurs completely in a mounted manner with a custom-designed measuring system

Suitable for retrofitting of existing encoders

### Diagram at 1g

The measured values are valid only for measuring systems of the same construction!

The absorber flange decouples the measuring system Cxx-65 at 1g in horizontal mounting of impacts and oscillations greater than 500 Hz.

Subject to change.
